EDUCATION

ETH Zürich *May 2026 – Present*

PhD in Computer Science

· Working on model-based reinforcement learning and adaptive control under uncertainty at the Learning & Adaptive Systems (LAS) Group and NCCR Automation, supervised by Prof. Dr. Andreas Krause.

ETH Zürich *September 2022 – January 2026*

MSc in Robotics, Systems and Control *Weighted GPA: 5.75/6*

· Exchange semester at Northwestern University, USA (Spring 2023).

· Master's thesis: *Continual Model-based Reinforcement Learning with Time-varying Dynamics* (at LAS, supervised by Bhavya Sukhija, Chenhao Li, Prof. Dr. Andreas Krause).

ETH Zürich *September 2018 – August 2022*

Bachelor of Science in Mechanical Engineering *Weighted GPA: 5.67/6 (Class rank: Top 1.5%)*

· Focus on Mechatronics and Robotics.

· Bachelor's thesis: *Design and Integration of an Animatronic Neck and Tail based on Cable-Driven Continuum Joints* (co-supervised by Prof. Dr. Marco Hutter and the German Aerospace Center DLR).

Kantonsschule Zug *August 2011 – June 2017*

High-school diploma (Matura) with focus on physics and mathematics *GPA 5.78/6 (Class rank: #2/209)*

PUBLICATIONS AND PREPRINTS

TEACHING AND RESEARCH

Department of Computer Science (D-INFK), ETH Zürich *August 2025 – Present*

Department of Mechanical Engineering (D-MAVT), ETH Zürich *September 2019 – July 2022*

Teaching Assistant *Zürich, Switzerland*

· *Introduction to Machine Learning*, Prof. Dr. Andreas Krause (Spring 2026)

· *Probabilistic Artificial Intelligence*, Prof. Dr. Andreas Krause (Fall 2025, Fall 2026).

· *Engineering Materials and Production*, Prof. Dr.-Ing. Dr. h.c. Konrad Wegener (Fall 2019 – Spring 2022).

· *Control Systems II* (Regelungstechnik II), Prof. Dr. Lino Guzzella (Spring 2020).

· Exercise sessions (attendance of up to 250 students), exam drafting and correction, lecture slides, office hours.

Student Advising *March 2026 – Present*

· *Summer/Fall 2026:* Daut Nurlanov (Summer intern), Daniel M. Smola (Bachelor student), Daniel Steinhauser (Semester project), Arnav Sukhija (Semester project), Carlo Teufel (Semester project).

ETH Zürich *June 2021 – February 2025*
Research Assistant *Zürich, Switzerland*

- Active exploration in continuous-time model-based RL settings at LAS group (August 2024 – February 2025).
- Part-time research activity in various projects at the Robotic Systems Lab (RSL), mainly focused on prototyping and testing of robotic actuators using C++, ROS and CAN bus (January 2022 – March 2023).
- Student coach for the *SpaceHopper* project at RSL (June 2021 – July 2022).

INDUSTRY EXPERIENCE

Axpo Power AG, *Baden, Switzerland.* Drones & Hydro Energy Engineering Intern. *July 2023 – January 2024*
Balti AG, *Baar, Switzerland.* Workshop Intern. *January 2019 – February 2019*
Ardo Medical AG, *Unterägeri, Switzerland.* IT Support Intern. *August 2017 – July 2018*

LEADERSHIP AND SERVICE

Review Service *March 2026 – Present*
Various Conferences
IROS 2026, NeurIPS 2026, CoRL 2026, RLC RWM Workshop 2026.

Canton of Zug (Kanton Zug) *October 2022 – Present*
Member of the Cantonal Parliament *Zug, Switzerland*
Serving as an elected Member of the Zug Cantonal Parliament (Kantonsrat) representing the constituency of Unterägeri since October 2022 (approx. 10% workload).

Academic Mechanical Engineering Association (AMIV) at ETH *February 2021 – August 2025*
Various functions *Zürich, Switzerland*

- Member of the Board and vice president of AMIV (February 2021 – March 2022).
- President of the engineering students' job fair at ETH Zürich (September 2021 – December 2022).
- Student representative in several ETH bodies (September 2021 – August 2025).

Swiss Armed Forces *January 2018 – present*
Nuclear Laboratory Specialist Soldier *Labor Spiez, Switzerland*
Yearly military service as a lab technician in the Nuclear Chemistry Division at the Spiez Laboratory.

SKILLS

Programming: Python (JAX, PyTorch, scikit-learn), C++, MATLAB, LaTeX
Tools: Git/GitHub, Linux (Ubuntu), ROS, Siemens NX CAD/CAE
Languages: German (native), English (C2, Cambridge Advanced), French (B2)
Other Interests: Hiking, Skiing, Bouldering, Reading

AWARDS AND HONORS

Dean's List, Achievement of High Honors *Spring 2023*
Awarded by the McCormick School of Engineering at Northwestern University.

Excellence Scholarship & Opportunity Award (ESOP) *September 2022*
Awarded by the ETH Foundation for my Master's studies in Robotics, Systems and Control.

Outstanding Teaching Assistant Award *March 2022*
Awarded by the Deptartment of Mechanical and Process Engineering at ETH Zürich.
